
CONTENTS

BIOLOGICAL SAFETY	7
Salii I., Pavlenko O., Oriekhova O. Disease of the respiratory organs of the population of the ecological find dangerous region	7
ENVIRONMENTAL MONITORING	11
Bondar O., Mashkov O., Mikheev V., Zhukauskas S., Nigorodova S. Technology of construction of automated ecological monitoring system using remotely piloted aircraft.....	11
Salii I., Zaselskyi V., Kryvoruchkina O., Popolov D., Suslo N., Sahalai D., Fortuna V. Analysis and research of the state of soils and hydrosphere of Kryvbas	20
Sukha N., Grygorieva L. Place of indicative measurements in the atmospheric air quality monitoring system.....	27
Shevchenko R. Annals of mapping the state of National Ecological Safety of Ukraine.....	31
ECOLOGY OF WATER RESOURCES	42
Vasiutynska K., Barbashev S., Kiminchydzhy M. The risk of a water scarcity in the Ukraine regions in urbanization terms	42
Vergolyas M., Vikhlyayeva M., Sheremeta A., Shamkina K. Ecotoxicological assessment of anthropogenic pollution of surface water.....	49
Yezlovetska I. Analysis of the state natural-technogenic safety of drinking water sources (on the example of the Dniester basin)	54
Pozharska A.-O.Yu. River islands in the geographic research.....	61
Skok S. Ecological evaluation of the impact of urban systems on the quality of water resources.....	66
ECOLOGY AND CONSTRUCTION	76
Kiyashko V., Kosarchuk V., Agarcov O., Kovalchuk V., Chausov M. To the stress-strain state of road pavement of hard type	76
ECOLOGY AND PRODUCTION	82
Bondar O., Ryzhenko N., Saliy I. Assessment of environmental impacts of the action plan implementation of the industrial waste using in Kryvyi Rih region	82
Bordiug N., Rashchenko A., Marchenko S., Kozoriz D. Administrative aspects of implementation of environmental initiatives at mining enterprises of Zhytomyr region.....	92
Bosak P., Popovych V. Eco-geoinformation technology of environmental protection from subtricon waters of Novovolynsk mining industry.....	96
Kyiashko V., Salii I., Yakovenko L., Malynovskyi Yu. Perspective directions of utilization of wastes of mining and processing production.....	103
Kulikova D.V., Kovrov O.S. Improvement of mine water treatment technological scheme by implementing rapid sand filters.....	107
Saranenko I. Cluster analysis of gully systems of iron and manganese ore deposits	112
Sereda T., Gromova Yu. Approbation of methodical approaches to the study of plankton run-off in the mouth part of the Desna river in the ripal – medial system.....	116
Chernova O., Kryvenko G. Danger analysis at gas filling stations.....	120
GENERAL ENVIRONMENTAL SAFETY ISSUES	125
Valerko R., Herasymchuk L. Ecological development of rural settlements of radioactively contaminated territory on the basis of drinking water quality indicators.....	125
Voitsitskiy V., Khyzhyak S., Danchuk V., Midyk S., Hryshchuk I., Ushkalov V. Ecological risks: nature and criteria.....	131

Yermishev O.V., Mudrak O.V. Functional and ecological expertise in Nemyriv district in Vinnytsia region.....	136
Kratiuk O., Kravchuk M., Dovbysh L. Biotenotic influence of ungulates <i>Artiodactyla</i> captive maintenance on chemical soil properties in pine-forests and subors in the conditions of the Western and Central Polissya.....	143
Liulchik V., Rusina N., Kyiko N., Kushniruk O., Rudko O. Scientific and methodological approaches to the development of land management working projects connected with the creation field protective forest strips	150
PRESERVATION OF BIOLOGICAL AND LANDSCAPE DIVERSITY.....	156
Borisov V., Koshelev V., Koshelev A. Seasonal dynamics of consorative relations of birds and private gardens in the Volnyansk city (Zaporozhye region).....	156
Gubar L.M., Koniakin S.N. Invasive alien species of plants of the local landscape Feofania.....	167
Pavlichenko V. Ecological and morphological research of blackflies (<i>Diptera, Simuliidae</i>) of the Dnieper river steppe region.....	174
Ryzhenko N., Ryzhenko D., Yastrebtsova N. Environmental assessment of Hg in the “soil-plant” system of recreational landscape ecosystems in the “Golosiivsky National Nature Park”.....	179
Savarin A., Kitel D. New registration of the barn owl (<i>Tyto alba</i>) and small mammals in its diet in south-west Belarus.....	184
Chypylyak T., Korshikov I., Linkevych O. Decorativeness of the hybrid chrysanthemum (<i>Chrysanthemum × hortorum</i> Bailey) in the conditions of steppe Dnieper.....	188
CLIMATE CHANGE.....	193
Pykalo S., Demydov O., Yurchenko T., Khomenko S., Humeniuk O., Kharchenko M. Molecular markers for identification of drought tolerant wheat genotypes under climate change conditions.....	193
INNOVATIVE ASPECTS OF THE LEVEL INCREASE OF ENVIRONMENTAL SAFETY.....	203
Verenikin O., Slyva Yu. The organization of energy-efficient and clean production of washing means.....	203
Yaremchuk O., Zhuk I., Sarafaniuk N. Analysis of noise pollution impact on humans by mapping of highways noise pollution in Nikolaev by GIS technologies.....	212
SUSTAINABLE DEVELOPMENT ISSUES.....	218
Davydova I.V., Korbut M.B., Bondarchuk V.M Evaluation of the means effectiveness of the ecological knowledge promotion.....	218
WASTE MANAGEMENT.....	225
Horobets O. Classification of agricultural waste and the choice of the technology for their recycling.....	225
Markina L., Ushkats S., Zholobenko N., Ivanchatenko A. Survey as a method of identifying problems in waste management in the city of Mykolaiv.....	230
AUTHORS’ CREDENTIALS.....	239
