
CONTENTS

THEORETICAL ECOLOGY	5
Semernia O., Liubynskiy O., Fedorchuk I., Hordii N., Tiutiunnyk O. Assessment and modelling of environment in the ecology new dimensions.....	5
Stasevych S., Ruda M., Nychai S. Mathematical models for predicting human thermal comfort in the environment.....	9
ENVIRONMENTAL EDUCATION	15
Horobei M. Current issues of implementation of modern digital tools in the implementation of environmental education and environmental protection in Ukraine and EU countries.....	15
Klymchyk O. Modern study technologies: test control of knowledge in the discipline «Geoinformation systems in natural geography».....	19
Terletskiy V., Olhova-Marchuk N., Kushnir V. Ecological education for sustainable development.....	24
ECOLOGY OF WATER RESOURCES	29
Rusyn I., Djachok V. The role of substrate mixing for efficiency of aquatic electro-biosystems.....	29
Sydorenko O.V., Korotetskyi V.P., Zakorchevna N.B. Study of the state of aquatic bioresources of the Azov-Black Sea basin, determination of technological properties of raw materials from aquatic bioresources for development of recommendations on its complex processing.....	32
ECOLOGY AND PRODUCTION	38
Beletsky O., Kotovsky V., Svyatnenko V. Energy characteristics of combined power supplies with supercapacitors and lithium-ion batteries.....	38
Halushkina T., Afanasieva O., Skyba D. Formation of the market of ecological insurance in Ukraine for maintenance of national ecological safety.....	42
Zakorchevna N. Environmental challenges on the development of hydrogen energy in Ukraine.....	53
Maksimova N., Chushkina I., Orlinskaya O. Assessment of ecological risk of the flooding of territories adjacent to hydrotechnical structures, water management in rural of territories adjacent to hydrotechnical.....	60
GENERAL ENVIRONMENTAL SAFETY ISSUES	66
Hordii N., Rubanovska N., Tiutiunnik O. Activities of environmental public organizations in Kamianets-Podilskyi.....	66
Mashkov O.A., Ivashchenko T.G. Integration aerospace technology in the control system of ecological safety, development of technology use of space technology for management ecological safety of planned activities support decision making in emergency situations of natural character.....	70
Polishchuk A., Antonyak H. Influence of transport load on the elemental composition of soil in the suburban area of the city of Lviv.....	81
PRESERVATION OF BIOLOGICAL AND LANDSCAPE DIVERSITY	87
Krasovsky V., Cherniak T. Determination of decorativity of <i>Zizyphus jujuba</i> Mill. introduced in the Forest-Steppe zone of Ukraine.....	87
Novak V. Spatial distribution of avifauna in the villages of Podilsky Pobuzhzhye.....	92
Truskavetska I. Peculiarities of biology and Formicidae settlement in the “Stovpiazky Landscapes” reserve.....	99
Fitsailo T. Thermophilic shrub communities of the South-Eastern Crimea.....	104
Shevchuk L., Bylyna L., Kurovska A. Damage to the solid body of Unionidae and Pisiidiidae as a sensitive bioindication indicator.....	111
Yukhimenko Y., Boyko L., Danilchuk N. Water regime of leave of tree plants in the conditions of the industrial region in the Right-bank Dnieper Steppe.....	121
WASTE MANAGEMENT	127
Rusina N., Liulchyk V., Petrova O., Kushniruk O., Rudko O. Ecological and technical principles of municipal solid waste landfill recultivation.....	127
AUTHORS’ CREDENTIALS	132
