
CONTENTS

ECOLOGY AND PRODUCTION	7
Bondar O., Gayevskii V., Kochmarskii V., Fylypchuk V. Influence of the efficiency of the operation of the cooling systems of the TPP on the value of emissions of nitrogen dioxide.....	7
Kozii I., Zhylenko T., Trunova I., Bataltsev Y., Makarenko N. Criteria for choosing environmental equipment for cleaning industrial emissions of enterprises.....	12
Krasovsky V., Cherniak T. Progressive reconstruction of nearby plantations in settlements.....	19
Fateiev A., Yasynetskyi A., Lazariev Ye. Environmental aspects of coal use with high sodium and chlorine content...24	
ECOLOGY OF WATER RESOURCES	31
Bondar O., Zakorchevna N., Krylova I. Financing sustainable development of water supply and wastewater in Ukraine.....	31
Glodova L. Hydrogen sulfur sources of Kosiv region.....	37
Ihnatyshyn V., Malyskyi D., Ihnatyshyn A., Izsák T., Ihnatyshyn M., Verbytskyi S. Hydrogeological aspect of Transcarpathia's ecological state in 2020.....	42
Kurbatova I., Zakharenko M., Tupytska O. Ecological and toxicological assessment of natural waters under the action of xenobiotics.....	50
Stepova O., Gakh T., Tyagniy L. Condition of surface water objects of Poltava region.....	58
ECOLOGY AND ECONOMICS OF NATURAL RESOURCE USE	64
Blinova N., Filatieva E., Skarha V. Determination of shiftstates of earth surface and ecological consequences of closing of coal mines.....	64
Boretska I., Dzhura N., Romanyuk O. Phytoremediation of technogenically contaminated soils by means of energy crops.....	72
THEORETICAL ECOLOGY	77
Kuznyetsov S.I., Maljejev V.O., Sevenchenko O.O., Bezpalcenko V.M. Thermal conversion of nitrogen oxides in a flow reducing gas.....	77
Matis Y., Krot O. Model of assessment environmental risks methods formation for individual complex systems.....	81
Romanenko O., Hrusha M. Bioethical aspects of hydrobiological research methodology.....	91
Ruda M., Shybanova A., Paslavskyi M., Dzhumelia E. Modeling of states of a compound landscape complex with an unknown loss function.....	96
Rusyn I., Medvediev O., Djachok V. Design of multi-electrode electro-biosystems with <i>Lemna minor</i>	103
Yunhin O., Prekrasna Ye., Lastovetska L., Maslak V., Kudina S. Research of physiological and biochemical characteristics and biofilm formation of bacteria isolated from vascular plants of Antarctica.....	106
BIOLOGICAL SAFETY	110
Kolisnyk A. Assessment of carcinogenic risk of chronic intoxication of the population from polluted air.....	110
Mazur T., Zahoruy L., Dyman T., Bogatko N., Grynevych N. Peculiarities of the organization of environmentally safe meals for students in different forms of study in the conditions of COVID 19.....	116
Saranenko I., Shadura K. Influence of vehicle exhaust gases on generative bodies of <i>Acer L</i>	122
Chepel A., Kofanova O., Yevteyeva L. Assessment of the risk to the health of children and adults from the harmful effects of the motor transport emissions in cities.....	127
GENERAL ENVIRONMENTAL SAFETY ISSUES	133
Hunko S., Volodko D. Migration of manganese in the soils of biocenosis of steppe Pridnieprovie (on the example of Dnipropetrovsk Oblast).....	133

Krasovskiy S., Kovrov O., Klimkina I. Determination of physico-chemical characteristics of the coal dump “Heroiv Kosmosy”	137
Lutsyshyn O., Hileta L. City gardening in the conditions of Lviv urban ecosystem: opportunities and benefits.....	141
Markina L., Zholobenko N., Ushkats S., Plakhtina O. Determination of directions of environmental problems covered in regional media on the example of Mykolayev.....	146
Khomiak I. Global environmental problems in terms of astroecology.....	154
CLIMATE CHANGE	158
Polevoy A., Ovcharuk V., Volvach O., Kushchenko L., Tolmachova A. Agroclimate assessment of vegetation drought period in the extremely insufficient low water content in the Black sea zone.....	158
WASTE MANAGEMENT	166
Kotsiuba I., Lefter Yu., Nonik L., Yelnikova T., Herasymchuk O. Analysis of current experience and directions of solving problems of solid municipal waste management.....	166
UKRAINIAN NATURE RESERVE FUND	171
Holik Yu., Smolyar N., Ostapenko P., Chepurko Iu. Peculiarities of distribution of objects and territories of the nature reserve fund of Poltava region in the conditions of the new administrative-territorial structure.....	171
PRESERVATION OF BIOLOGICAL AND LANDSCAPE DIVERSITY	178
Herman N. Natural phenomenon of Polissya, Rivne region.....	178
Zubrovska O. Induction of protective reactions in plants of <i>Zea mays</i> L. (Poaceae) under drought conditions.....	182
Klymenko T., Ismagilova A. Participation of invasive plant species in the formation of plant communities during regenerative successions.....	187
Kotiuk L., Ivashchenko I., Rakhmetov D., Borysiuk B. Seasonal rhythm of development of <i>Dracocephalum Moldavica</i> introduced in Central Ukrainian Polissya.....	192
Pavlyshak Y., Krechkivska G. Synanthropic plants in the urban flora of Novy Rozdil, Lviv region.....	199
Khomiak I., Harbar D., Andriichuk T., Kostiuk V., Vlasenko R. Dynamics of restoration vegetation of sand quarries of Zhytomyr Polissya.....	204
INNOVATIVE ASPECTS OF THE LEVEL INCREASE OF ENVIRONMENTAL SAFETY	208
Bondar A., Kotsar E., Fylypchuk V., Kuryliuk M., Li Jun. Development and implementation “green” technologies revitalization polluted water, air and soil with violations of renewable natural resources and energy of sun and depletion of prevention.....	208
EDUCATION FOR SUSTAINABLE DEVELOPMENT	214
Dukh O., Tsytsyura N., Galagan O. Peculiarities of forming the student youth’s knowledge about climate change.....	214
AUTHORS’ CREDENTIALS	218
